**Q10**

To what extent are the NSW environment, industries and communities currently impacted by invasive species?

When they did the areial shooting at Mudgee for the wild goats...they just left them to die a slow and painful death...this has to stop....

---

**Q11**

To what extent do you think existing programs in NSW are effectively managing invasive species?

Very unhumanly.....so cruel to do by helicopter...if they have to do it ... by foot only and make sure they are dead....not left to die a slow death.

---

**Q12**

What, if any, are the key barriers to effective management of invasive species?

Heard them and sell off at Abbartors....if you can't catch them...leave them.

---

**Q13**

How has invasive species management changed since the introduction of the NSW Biosecurity Act 2015 legislation and associated programs and plans?

Not much ...still idiots running it

---

**Q14**

What are the future risks posed by invasive species to the NSW environment, industries and communities?

Not as much as the immigrants that our government keep bringing in ...save the Brumby..shoot the immigrants..safer bet.

---

**Q15**

What opportunities do you see to improve the outcomes of invasive species management in the future?

None if they keep bringing in immigrants....

---

**Q16**

Any other comments?

Stop all culling from Helicopters...catch and sell...
